Step 5: Glue the upward-facing side of the folded paper and then press the card shut to stick the paper to the other side

Step 1: Fold your coloured card in half

Step 6: Continue to do this with the remaining folded strips going up in size order, with the widest strips and the bottom and the narrowest at top

Step 2: Cut 5 strips of green paper approx. 1cm, 2cm, 3cm, 4cm and 5cm wide

Step 7: Glue your star decoration to the card at the top of the pop-up tree

Step 3: Begin to fold the paper in a zig-zag fold (concertina fold)

Step 8: Finish off by decorating the front of your card with a design of your choice

Step 4: Take your widest folded strip, glue one side and stick inside the card next to the crease

Step 9: Finally, write your card out and send it to a loved one
